NO USE FOR OUR MEAT

Every Port of Germany Closed Against It.

TEXAS FEVER WAS THE CAUSE.

Still Some Washington Officials Think That It Is a Retaliatory Measure Against the United States Because of the Discrimination in the Sugar Schedule of the Tariff Bill.

BERLIN, Oct. 31.—The prohibition against the landing of American cattle and American dressed meat, announced by a decree of the Hamburg senate on Saturday last, was extended yesterday to every port of Germany.

WASHINGTON OFFICIALS SURPRISED. Secretary Morton Interviewed on the Startling Announcement.

WASHINGTON, Oct. 31.—The announcement by the Associated Press that the embargo placed upon American cattle by the senate of Hamburg had been extended to the length of an exclusion of American cattle and dressed meat from every part of Germany was received with surprise by department officials yesterday.

That the Texas fever was merely a ground which Germany could adopt for enforcing retaliatory measures against the United States because of the supposed discrimination against German interest in the sugar schedule of the tariff bill, was the prevalent impression. The German ambassador, however, assured the secretary of state yesterday that the measure of exclusion was inspired solely by sanitary reasons, and had no political motive behind it. Government officials are obliged to take this view of the case, since any other view might seem a reflection upon the ambassador.

Secretary Morton who has just returned to this city from a trip abroad, had a consultation with Secretary Gresham about the matter yesterday before the stringent measures just adopted were known. He assured Secretary Gresham that the exportation of Texas fever into Germany by American cattle was altogether improbable if not impossible, according to the opinions of the experts of the departments who have devoted much time to investigating the disease during the past year, and said that he was confident that the supposed discovery of Texas fever was a mistake.

When the Associated Press dispatch from Berlin was shown to the secretary of agriculture he expressed surprise. The exclusion of dressed meats he was at a loss to understand, because they are all inspected by competent government officials in this country before they are shipped. Texas fever, moreover, can be carried only by live cattle. The live cattle exported from this country are also inspected at the port of shipment to see that they are not diseased.

Secretary Morton said he had no doubt that the German officials intended to act in the interests of the public health in excluding American cattle, as the sanitary regulations of that country are unusually stringent upon all matters. The secretary thinks that the damage to be inflicted upon American interests by this action is greatly overestimated, as our exports of meat to Germany is comparatively light. From his observation on his recent trip, Secretary Morton is convinced that the exportation of live cattle can not be made to pay as well as shipping dressed meats. The establishment of increased facilities for shipping meats in cold storage, he thinks, will greatly increase the American business.

Dr. D. E. Salmon, chief of the bureau of animal industry, said: "Admitting, for the sake of argument, that the cattle which are landed in Germany are infected with Texas fever, there is no longer danger to the German cattle, because even in this country cattle with this disease do not communicate it to other animals. The disease is not communicated directly from one animal to another, but animals from a certain district in the southern part of the United States are able to infect pasture, and pens in which they happen to be placed within 30 days from the time they leave this infected district. Animals which contract the disease obtain the infection from these pens and pastures, and not directly from other cattle."

"The cattle which are sick do not infect the grounds or pens, and, consequently, are not dangerous to other animals. This has been proved by many years of experience in the United States. The conveyance of Texas fever in dressed meat is impossible. These animals thus diseased do not fall sick at all themselves. They simply carry the ticks. The ticks drop off and lay their eggs and die. Those eggs must lie on ground a certain length of time before they hatch. Then the young lie there a certain length of time before they get on the cattle and another length of time elapses before they produce the disease."

Badly Injured While Blasting. VERSAILLES, Ind., Oct. 31.—Dr. F. C. Sweetze, Populist candidate for representative, was badly injured while blasting his well with an explosive he made himself. He lost his thumb and one finger, and an arm is mangled and broken, and will probably have to be amputated. His face is badly disfigured and he is internally injured. His recovery is doubtful.

Presidential Appointment. WASHINGTON, Oct. 31.—The president has appointed William M. Campbell of Minnesota United States marshal for Minnesota in place of J. Adam Bede, resigned.

CABINET MEETING.

Considerable Business Dispatched, Several Questions Being Disposed Of.

WASHINGTON, Oct. 31.—The usual semi-weekly cabinet meeting was held at the White House yesterday with all the members in attendance, except Secretary Smith, who, it is understood, remained away as a measure of precaution, owing to the appearance of smallpox in his department. Considerable business was dispatched at the meeting, several questions being disposed of that had been pending in the various departments for many weeks. One of the questions considered, it is understood, was the case of Howard, Mr. Morton's under-coachman.

Reports having been circulated that the cabinet meeting resulted in the manifestation of a difference of opinion between Secretary Carlisle and Attorney General Olney, it can be stated with emphasis that there is no truth or foundation in fact for the report.

THE DRIVER SHOT.

A Stage Held Up, but the Lone Highwayman Secured No Booty.

NEVADA CITY, Cal., Oct. 31.—Arthur Meyer, driver of the stage running between this place and North Bloomfield, was shot and instantly killed by a highwayman yesterday afternoon. At Rock Creek, three miles north of here, the incoming stage was stopped by a lone highwayman, who commanded Meyer to get down out of the box. Meyer refused, and the bandit fired twice at him with a revolver. The second shot passed through the driver's body.

C. H. Bovee of Sierra county, who was the only passenger, jumped from the coach and ran into the forest. After the robber had gone Bovee came out of the bushes, took charge of the coach and horses and brought the dead stage to town. So far as known the robber secured no booty.

TRYING TO ARBITRATE.

Differences Between the Miners and Operators in the Massillon District.

CLEVELAND, Oct. 31.—The board of arbitration to which will be submitted the differences between the miners and the operators of the Massillon coal district, held its first meeting yesterday. The members are Judge E. J. Elandin of this city, chosen by the operators; Rev. James Kuhn of Massillon, chosen by the miners, and W. S. Kerruish, Esq., selected by these two.

The miners were championed by the Secretary Patrick McBride of the United Mine Workers and the operators were represented by Judge W. R. Day of Canton. After discussing the scope and procedure of the investigation the board decided to draw up rules for its guidance, which will be submitted to both parties next Saturday.

Big Suit Began.

DULUTH, Oct. 31.—Alfred Moirrett has brought suit against John D. Rockefeller and President F. T. Gates of the Lake Superior consolidated iron mines, which controls the Mesaba range, for \$1,225,400, to which extent he claims he was damaged by the fraudulent representations of defendants in regard to the condition of the mines on the Gogebic range and in Cuba, all of which, at the time it was proposed to consolidate them with the Mesaba properties, it is alleged, were very poor properties, one of them being insolvent.

Ended a Spree by Suiciding.

LIMA, O., Oct. 31.—News of the sudden death of Max Weisenthal at Rock Island, Ill., was received by the family here Monday evening, and yesterday the information that he suicided followed. He was a member of one of the prominent Jewish families of the city and was on the road for a Chicago house. He lost several positions on account of drink and ended a spree by taking morphine. He will be buried in Dayton.

Fell From His Buggy While Asleep.

LANCASTER, O., Oct. 31.—Will J. Miller, who mysteriously disappeared Sunday night, was found Monday evening wandering about several miles from where he was supposed to have met injury or death. He was in a dazed state of mind, but his friends finally succeeded in learning that as he drove home Sunday midnight he went to sleep and fell from the buggy. His injuries are so serious his life is despaired of.

Charged With Burglary.

YOUNGSTOWN, O., Oct. 31.—Early yesterday morning William Skillman was caught by two farmers emerging from a residence with keys in his hand and he was arrested on a charge of burglary. Skillman claims that his home is in Cincinnati and that he has been tramping. He is attired like a farmer and in searching him a belt containing \$20 in silver and a number of keys were found.

Searching For a Forger.

TORONTO, Oct. 31.—An officer from Springfield, O., was in the city last evening in search of Charles E. Morris, attorney at law and ex-police judge of that city, who is wanted for the crimes of forgery and embezzlement. Morris is known to have been in Toronto, but left before the officer arrived.

Gave a Forged Check.

SIDNEY, O., Oct. 31.—A young man giving his name as Frank Smith, appeared at the millinery store of Mrs. McNutt, purchased a lady's hat and in payment gave a check purporting to be signed by O. S. Marshall, the grain dealer. The check was a forgery. Smith has skipped.

BUCYRUS, O., Oct. 31.—Emanuel Dies, eight miles east of Bucyrus, climbed a tree to shake down a squirrel, and, losing his footing, fell to the ground, sustaining fatal injuries.

HONORE MERCIER DEAD.

The Ex-President of Canada Passes Away, a Victim of Diabetes.

MONTREAL, Oct. 31.—Honore Mercier, ex-premier of Quebec, died yesterday. The end had been expected any time during the preceding 24 hours, and hope of recovery had been given up weeks ago. Mr. Mercier had been suffering from a complication of diseases for years past, diabetes predominating.

EX-PREMIER MERCIER.

Honore Mercier was born at St. Athanase, County of Iberville, province of Quebec, on Oct. 25, 1840. He was educated at the Jesuit college in Montreal, and began the study of law. He also entered the journalistic field, and was for a period editor of *Le Courrier de St. Hyacinthe*, which supported the Conservative party. Mercier was admitted to the bar in 1865. For some years he devoted himself to his profession, but in 1872 he was elected as a Liberal to the house of commons. His career in the Dominion parliament was short, as he retired in 1874 and resumed the practice of his profession. In 1879 he was elected to the provincial legislature, and was appointed solicitor general.

In 1883, on the retirement of M. Joly, Mercier was elected leader of the Quebec Liberals. The feeling aroused by the execution of Riel, the leader of the half-breed rebellion in the northwest, gave him a great opportunity, and when the election of 1886 came on he organized a brilliant campaign which led to the defeat of the Conservative government. Mr. Mercier was summoned to form a cabinet on Jan. 27, 1887. His administration was full of exciting incidents. As premier he was a staunch champion of French Canadians and their rights. One of the most important acts of his administration was the settlement of the Jesuit estate question, by which the Jesuits were paid a large amount of money and which provoked a storm of indignation.

Mercier was surrounded at Quebec by a number of hungry followers and when the Baie des Chaleurs railway exposure came in 1891, he was dismissed from office by Lieutenant Governor Angers and was a few weeks afterward defeated at the polls. Since then he has not taken much part in politics, as his health had been rapidly declining, but he attracted considerable attention on account of his advocacy of Canadian independence.

FREIGHT TRAIN WRECKED.

Three Unknown Men Who Were Stealing a Ride Were Instantly Killed.

WILLIAMSPORT Pa., Oct. 31.—As the result of a wreck on the Beach Creek railroad at an early hour yesterday morning, three persons were instantly killed and one was fatally injured. The wreck occurred at a point between Peale and Viaduct, and was caused by a brake beam dropping. Seventeen cars were piled in a mass. The trainmen at once set to work to release a man who had been stealing a ride, who was wedged beneath the debris. Before they had proceeded far it was discovered that there were others in the wreck, and before it was all removed, three bodies had been taken out.

The names of the three victims could not be ascertained, but it is believed that they are burglars, as they had two complete kits of burglars' tools; each man also carried a revolver. On the clothes of one of the men was found the name of "C. Carr." This was all that was found which in any way could tend to their identity. One man was decapitated and another had a leg severed. The bodies were taken to Viaduct.

Another Victim of the Dynamite Outrage.

WILKESBARRE, Pa., Oct. 31.—Kasha Goticich, another of the victims of the dynamite explosion on the Wilkesbarre mountain, died at the hospital yesterday. He was 19 years old. This makes four now dead, and the man whose back is broken will make a fifth in a short time. The county commissioners have decided to increase the reward offered for the arrest and conviction of the perpetrators of the crime from \$1,000 to \$2,000. McDonald and Sayre, the railroad contractors, offer in addition a reward of \$500.

WASHINGTON, Oct. 31.—An order has been issued from the war department dissolving the military prison board and appointing a new board. The old board was composed of Brigadier General Wesley Merritt, Quartermaster General Bachelor, Lieutenant Colonel T. E. Barr and Lieutenant Colonel H. C. Corbin. The new board is composed of Brigadier General McCook, Lieutenant Colonel H. C. Corbin, Lieutenant Colonel Guy V. Henry, Fifty cavalry, and Major G. B. Davis, recorder.

LONDON, Oct. 31.—The Times publishes the following dispatch from Tientsin: The greater part of the Chinese forces was destroyed before Chu Leang Cheng was evacuated. General Hung's official report praises the valor of the troops, but confesses that they were out-matched by the enemy's weapons and training. BOLD DAYLIGHT ROBBERY.

A Chicago Jewelry Store Plundered by Two Desperate Men.

CHICAGO, Oct. 31.—A daring robbery was committed in the heart of the business center of the city yesterday afternoon. The amount of plunder secured is not exactly known, but was given as \$6,000 in watches and other jewelry. Soon after 2 o'clock G. W. Brethauer, the senior member of the firm of Brethauer & Company, wholesale jewelers, at 71 Washington street, left the office, leaving his son in charge. The office of the firm is in room 1 on the first floor of the building. It is located in the southwest corner and in plain view of occupants of the office buildings round about.

Young Brethauer says he was bending over a showcase full of watches in the rear of the room when two men entered the door. One of them carried a revolver in his hand and the other was armed with a piece of lead pipe about two feet long. The jeweler was commanded to throw up his hands, which he was not slow in doing. The two men ordered him into the vault, the door of which stood open. Brethauer demurred and one of the men, he says, caught him by the throat, threw him into the vault and pushed the door shut.

The thieves then proceeded to ransack the showcases and scoop the watches into a gunnysack. The door of the safe stood open and the bandits emptied the cashbox in it, obtaining a considerable sum of money. All this required only a few moments, and the men soon made their escape. The senior Brethauer returned about 9:30 and soon heard a sound of pounding on the vault door. The vault door was hastily opened and the imprisoned man taken out nearly exhausted. So far no trace of the thieves has been obtained.

PRIZE FIGHT IN BALTIMORE.

Stanton Abbott of England Knocks Out Charles Gehring in Three Rounds.

BALTIMORE, Oct. 31.—Stanton Abbott of England and Charles Gehring, amateur champion of the United States, fought at the Academy of Music last night. The fight was announced to be a six-round go. From the start Gehring began to force the fight, and the 1,000 spectators applauded every time he landed a blow. Abbott protected his face with his hands, and the body blows he got were when he was retreating.

The first two rounds looked like honors would be even at the end of the sixth round. Abbott was waiting for an opening to get in his right and led Gehring on. At the beginning of the third round he got the opening he wanted and landed a staggering blow on Gehring's neck. Gehring then became a little more cautious, and again Abbott became apparently careless. He led Gehring on, and when he got the opening he wanted he made a half right-arm swing and caught Gehring under the ear. Gehring fell, but was up again in eight seconds. Abbott measured his distance and again let his right go. This time he caught Gehring on the point of the jaw, and Gehring went down and out.

Gehring won the amateur championship in New York city last March, whipping four men in two nights.

Wheel Works Damaged by Fire.

DAVENPORT, Ia., Oct. 31.—The Bettendorf wheel works were almost totally destroyed by fire last night. Loss, \$40,000; insurance, \$13,000. The establishment is owned and operated by the Eagle iron works of this city. A boy was killed by a hosecart going to the fire, the wheels passing over his neck.

LARAIN, O., Oct. 31.—While a number of men were digging a deep trench yesterday at the new Johnson steel works, the earth caved in. A man named Griffin was instantly killed and a companion, whose name was not learned, was fatally injured.

THE CZAR DANGEROUS

A Marked Change For the Worse in His Condition.

HE IS PERFECTLY CONSCIOUS.

He Converses With His Physicians and His Relatives—The Prince and Princess of Wales Summoned to the Sick Bedside. The King and Queen of Holland Will Accompany Them to Livadia.

ST. PETERSBURG, Oct. 31.—The latest dispatch from Livadia confirms the previous ones announcing a marked change for the worse in the czar's condition. The most pronounced symptoms are those of congestion of the lobe of his left lung, greatly increased coughing and raising of blood. The dispatch adds that his majesty's condition is extremely dangerous.

A private telegram from Yalta says that the doctors in attendance on his majesty held an unusual long consultation last night. The emperor is conscious and able to converse with the doctors and his relatives. The czarina never leaves the sickroom.

His majesty suffers heroically and makes no complaint. Monday he tried to attend to state papers and letters but was obliged to stop by violent fits of coughing, which lasted some hours. The coughing was accompanied by intense pain, and then blood appeared in the phlegm, the doctors were undecided at first as to whether the blood was from the throat or lungs. The cough continued all night. The czar made no attempt to return to his bed but remained in his armchair.

Dr. Zacharin is of the opinion that a portion of the clotted blood got into the left lung and produced inflammation. It is hoped now that the clot may get absorbed, otherwise breathing will seriously be impeded.

When the doctors went to his room at the usual time last night his majesty declined to receive them until 9 o'clock.

Prince of Wales Going to Livadia.

LONDON, Oct. 31.—At the urgent request of the czarina, which was received at Marlborough house yesterday afternoon, the Prince and Princess of Wales started this morning for Livadia, and will travel night and day until they get there.

A special dispatch from Copenhagen says: In consequence of an urgent telegram, the king and his wife will start today for Livadia. They will join the Prince and Princess of Wales on the way.

SPANISH MINISTRY RESIGN.

A Cabinet Crisis Which Will Be Found to Be Difficult of Solution.

MADRID, Oct. 31.—As a result of the cabinet council held yesterday the ministers have tendered their resignations. Minister Sagasta has gone to inform the queen regent of the action of the cabinet. It is believed that the crisis will be found to be difficult of solution.

Though the causes that have led to the resignation of the Spanish ministry can not at present be positively stated, it is pretty safe to assume that the crisis was partly precipitated by colonial questions. The government recently arranged with the Bank of Spain for an advance of 10,000,000 pesetas in Spanish silver dollars to replace the Mexican dollars in the Porto Rico company. This project was strenuously opposed by Senor Maura, the colonial minister, but his colleagues persisted in carrying out the arrangement and Senor Maura resigned. This, however, was but one of the serious differences in the cabinet on the government's colonial policy.

DOUBLE TRAGEDY.

A New York Man Kills His Wife and Then Takes His Own Life.

NEW YORK, Oct. 31.—Frederick Mertz, 45 years old, a German baker, shot and killed his wife, Maria, 32 years old, at their home on Forty-second street last night and then put a bullet into his own brain. Mertz died instantly but the woman survived a few minutes.

The shooting took place in the rooms of the couple on the third floor of the building. No one was there to witness the scene which preceded the double tragedy, but it is supposed the man, who is said to have been under the influence of liquor at the time, committed the crime in a fit of drunken frenzy and jealousy. It is known that he often chided his wife on account of her alleged intimacy with George Wissar, who had lived with the family a long time as a boarder.

LEFT UNPAID BILLS BEHIND.

The Husband of One of Vanderbilt's Grand-daughters Skips Out.

MOUNT VERNON, O., Oct. 31.—A mild sensation was enacted in Mount Vernon society when it became known that Mr. E. Lewis Atherton, the husband of one of Commodore Vanderbilt's grand-daughters, took "French leave" Saturday night, leaving an unlimited number of unpaid bills behind.

Mr. Atherton and his bride came to Mount Vernon early last spring and rented a flat in the Larimore apartment house. He was engaged while here in writing a book, and, for amusement, coached the Kenyon football team. Dunn & Company have issued an attachment on their goods. His wife left New York a couple of weeks ago.

LET THE VOTERS ANSWER.

"How does it come that when the Democrats went out of power in 1880 the Government had been run for seventy years, and there was but five millionaires in the whole United States, land was a good price, farms free of mortgages, and tramps and strikes were unknown; while after thirty years of Republican rule there are over 5,000 millionaires, land no price, and surfeited with mortgages, strikes on all hands and tramps by the million?"—Public Ledger, August 25th.

"No duties should be levied for protection that are not needed for revenue."—Senator Sherman.

It now looks like Br'er Davis will let the campaign close without once denouncing the Democratic income tax as infamous.

The freight business on the C. and O. is certainly on the increase, judging from the number of trains being run. Yesterday (Monday) thirty-five trains passed through this city, all freight. There were as many as four trains in sight at one time. The passenger business is also heavy, as nearly every train that passes this city is crowded.—Public Ledger.

Oh, quit croaking, Br'er Davis, about "hard times." Wonderful, isn't it, how business is picking up since the McKinley bill was repealed?

A STRIKING CONTRAST.

The new Democratic tariff bill puts the following necessities of life on the free list, together with many other articles of prime necessity in daily use by the laboring and farming classes of the United States:

Coffee for the table, plush for hats, feathers for bed, wool for clothing, bed blankets and carpets, bags for grain, bagging for cotton, burlaps for cotton bagging, binding twine, salt, trees, shrubs, etc., mineral oil, timber, such as boards, clapboards, posts, etc., in fact all lumber used in building a house, fence, pickets and palings, shingles, staves, hubs for wheels, mill stones, paints for houses, barns, etc.

Against this reduction in the cost of the necessities of life made by the new tariff bill, note the free list of the McKinley bill:

Acorns, asafetida, sea weed, snake skins, salted guts, joss sticks, broken glass, sauer kraut, fashion plates, ice.

The Evansville (Ind.) Courier very pertinently comments, concerning the above exhibit:

"Think of a man making himself up to look like Napoleon and going through the land on the rear platform of an express train warning the people that unless they restore the McKinley law with its taxed comforts and its free asafetida, snake skins, salted guts and fashion plates, the American wage-earner will be ruined and American commerce and industries pass into a chronic condition of deenude! And he is actually seeking the Republican nomination on that platform!"

J. J. Landrum Post, G. A. R., will give a bean bake and camp fire at Penn Grove Saturday.

C. P. Dieterich and G. D. Reynolds, of Maysville, were here Saturday delivering fruit trees.

Mrs. A. R. Woodward, an old and esteemed citizen of the county, died last week. Burial at the new cemetery.

W. R. Carpenter and wife have moved to Paris, where they will engage in hotel keeping. Success to them in their new home.

The election is warming up and the town is now the scene of many scenes. Poor candidate! It's a rocky road you're traveling now.

Some tobacco and corn was damaged by frost in the county. Despite the terrible drouth there will be more of these crops than was first anticipated.

Some one recently made the pertinent remark that it was easier to get a pint of whisky than a pint of water. A straw showing the extent of the drouth.

The Mt. Olivet Fair "come out at the little end of the hole" this year. The poor printers, it seems, are among those who will have to bide their time.

Vollie Colemeyer and Sam Craig were fined \$50 and costs, amounting to about \$75 in all, for disturbing a lawful assembly and creating a breach of the peace at J. Claypoole's.

The Democratic barbecue did not materialize at Kentontown Saturday, but a fair crowd was present, and a well-tempered speech was delivered by Hon. Hanson Kennedy, of Carlisle.

For the first time in the memory of man main Licking river has ceased to flow. The crooks are "dry as bone," and "never-failing" springs are no more. Stock is absolutely suffering for water.

J. J. Osborne has resigned the office of County Attorney, and is succeeded by his brother, W. J. Osborne. Mr. Osborne will shortly locate in Lexington and practice his profession, in which he has been highly successful here. Good luck to him.

Mt. Olivet now has two large public cisterns. One of 'em is a model in its way, in that no spouting, guttering, lead-troughs or anything connected with it. In other words, it is tighter'n a pig. But ample time will probably remain in which to complete the job.

Mrs. Dr. R. Wells has a fig tree growing in her yard that is nearly four years old. It is bearing fruit which is much superior to that packed and sold by dealers. Oranges are also raised here to perfection. Mrs. Hiram McDowell having full-grown and bearing trees.

James H. Fulton, the barber, has an attack of fever. Mrs. Millard Tillet, recently married, is also very ill of fever. Miss Ida Abbott has fever. S. N. Hlatt, Mrs. W. T. Kenton, Lloyd McDowell, Miss Pearl Throckmorton, Mrs. Burns Trigg and Mrs. Simon Kenton have recovered from attacks of fever.

At the annual meeting of the Northeastern Kentucky Medical Association, held at Ashland last week, Dr. J. E. Wells was elected Vice-President, a compliment worthily bestowed on a worthy citizen and physician. The Doctor enjoys an extensive and lucrative practice, and has been singularly successful in the treatment of all his cases.

It has been some time since we have written the BULLETIN; but as the principal items would have been relative to sickness and death, sadness and sorrow, the ravages of the drouth and the general depression, we had not the heart to inflict them. The clouds appear to be clearing away now, and let us hope brighter days are in store for us all.

Malarial fever, in some instances complicated with typhoid, is epidemic in our town and county, but not in a very violent form. In some instances whole families have been stricken with the disease. At V. V. Crawford's six members of the family are prostrated. Mrs. J. J. Osborne, who has been ill of fever the past two or three weeks, is improving.

Our good and faithful friend, W. C. Deming, editor of the Warren (O.) Daily and Weekly Tribune, was among his relatives and friends recently. It is peculiarly gratifying to the many admirers of this sterling young man to hear that he is prospering abundantly in his new home, and that everything augurs well for his future. He is loyal to every trust, and with all such there is no such word as fail.

Messrs. Stanley and Galbraith were greeted with a crowded house on Saturday evening. We are promised a big demonstration on next Saturday. Mr. Ben Lee Hardin and Hon. J. B. Clarke to be the speakers.

An insignificant hole in the ground on Broadway has been walled up and called a "public well." The one in Bracken will be a whopper, and in times of drouth when the people of Mason want to quench their thirst they will know where to come.

Through a kind invitation we attended the meeting of the Literary Club on Friday evening and were highly pleased with the exercises; especially were we delighted with the excellent essays of Miss Ida Mayhew in favor of fiction reading, and of Miss Gracie Pepper in opposition. The next regular meeting will be held on Wednesday evening with Miss Minnie Harris.

It Should Be Built.

Hon. Jesse Ellis and 'Squire J. P. Purdon, of Aberdeen, have made a survey of the proposed pike from that point up the river to the Adams County line. Their estimate is that it will cost about \$1,200 to build it. The Aberdeen Journal urges the people of that place to take hold of the enterprise and push it through, as all the trade from the neighborhood to be tapped by the pike is now going to Manchester. Maysville people are directly interested, and we believe they would help build the pike if the matter were presented to them in the right light.

ROLLA K. HART.

A Man Who is Always True to Principles and Always at His Post of Duty.

What They Say of Fleming's Favorite Son, Our Next Congressman.

Owingsville Outlook: "Rolla K. Hart, the Democratic champion, has shown his Democratic faith by his works. He made himself a leader in State legislation by his industrious and intelligent use of his superior talents. When he championed a measure it was instantly known by his fellow members that it was sound in Democratic policy and meant for the good of all the people; that one of the brightest and best of Democrats had thought out its merits, and gave it his support because it was right in principle and promised to be wholesome in practice. He had weight in the General Assembly and accomplished much good, because his associates trusted his thoughtful judgment."

Fleming News: "Hon. Rolla K. Hart has filled several positions of honor and trust, and has in each so well performed his duty that the people were glad to offer him promotion. Beginning life as a farmer's son he was brought into close contact with the people. He knows their wants and needs, and sympathizes with the people. The principle of 'equal rights to all, exclusive privileges to none' came to him by inheritance and conviction. He is a Democrat, —sound to the core. * * * He displayed his superior qualities as one of the coming leaders of the Democratic party by his record in the last two sessions of the State General Assembly. Always at his post of duty, he impressed all that came in contact with him as one of the brightest and most reliable young men of the State, by the part he took in shaping the legislation of the two most important sessions ever held in the State. Having the most positive convictions upon matters political it is but natural that he should make antagonists within his own party, but those antagonists will be among his most earnest supporters at the polls."

Another exchange speaking of Mr. Hart says: "He is an untiring worker, a splendid mixer, and, being a farmer's son and a farmer himself, he knows the near way to the hearts of the people. While a polished gentleman, and a man of brains and sound ideas, he is not in the least stuck up, but mingles with the people in hearty enjoyment of the association and thoroughly appreciative of the facts that the plain people are prolific of every-day wisdom and practical ideas, and that no one can be truly useful in the capacity of a national legislator unless he knows by experience and instruction from first hands the wants and needs of the masses."

"Rolla Hart is a practical man, as well as a brainy, ambitious and industrious one. His success both in business and in politics is due to his common-sense way of grasping the practical, useful ideas of life. As a Congressman he will be a worker, and not a mere salary-drawer that uses the National Capitol as a sort of dress-parade loafing resort when other places lose interest for the time. He will not be the tool of monopolists nor the representative of any clique or faction, but will be a Congressman devoted to the whole people's interests."

Seven Lives Lost in a Tenement House Fire.

ONE WOMAN FATALLY BURNED.

Probably Forty People Asleep in the Building at the Time the Fire Started—The Fire Was Quickly Subdued, but Not Until the Deadly Work Had Been Done. Names of the Victims.

NEW YORK, Oct. 31.—Seven persons were burned to death at 3:30 o'clock yesterday morning in a fire in the 5-story tenement, 216 West Thirty-second street. Four were found dead on the third floor rear and three on the fourth floor.

The dead are:
Annie Applebat, aged 22.
George Friedman, aged 4.
Mrs. Margaret Killian, aged 70.
Jacob Killian, aged 40, son of Mrs. Killian.

George Lovey, aged 20, grandson of Mrs. Killian.
Mrs. Lena Mitchell, aged 24, a cousin of Mrs. Lena Friedman.

In Roosevelt hospital a victim of the fire, Mrs. Lena Friedman, aged 28, who tried in vain to save her life by jumping from a third-story window, is lying fatally hurt.

The flames flashed with marvelous rapidity from the cellar to the roof of the tenement house. Smoke filled the entire house. Just what caused the fire to start up so suddenly at a time when the tenants of the house were asleep is not known. The only thing definitely known at present is that the fire started in the rear portion of the cellar.

The flames shot up the stairways with startling speed. The house contained seven families, two on each floor, except the top story, where the janitress, Mrs. Eberwein, lived alone. There were probably 40 persons asleep in the house when the fire started, and prompt action alone saved many from death.

The escape of the Fondiller family was very narrow. Adolph, aged 17, was the first to awaken. He was nearly stifled with the smoke, but, crawling to the window, opened it and then aroused the rest of the family.

The other families on the upper floors in the front portion of the building were aroused by the smoke or the shouts of the people in the street below.

Mrs. Jacob Smith rushed out on the fire escape on the first floor, and jumped to the sidewalk. She escaped with a few slight bruises, and her husband, who followed her, was equally fortunate.

Mrs. Fondiller, who was carrying a baby in her arms, passed the child to her husband on the second floor fire escape. Her act probably saved the baby's life, for as she stepped on the first floor fire escape her foot slipped and she fell on the shoulder of a policeman, nearly knocking him from his position on the box. He managed to hold her and landed her safe on the sidewalk.

All of those in the front of the house escaped, but while they were being rescued a tragedy was being enacted in the rear apartments on the second floor, where Nathan Friedman, a poor furrier, was making a mad fight to save his family and himself from death. He awoke to find his bedroom full of smoke, and picking up Esther, the youngest of their three children, a babe of four months, Friedman made his way to the hall door.

The flames had reached that floor and the fire drove him blistered and half fainting from the intense heat to the kitchen. He aroused his wife and bade her follow him, but the woman became hysterical and did not obey. Friedman made his way to a corner window, near which a slender iron ladder ran from the yard to the roof. He rapidly descended the ladder, expecting that his wife would follow, but hardly had he reached the ground when he heard her scream.

The poor man turned around just in time to see the form of his wife shoot downward from the window of the kitchen. Mrs. Friedman struck the bottom of the cellar area. Strange to say, she sustained no broken bones. Her clothing, however, was ablaze and before it could be extinguished the unfortunate woman was probably fatally burned.

Meantime engines had been flooding the house with water, and in an hour the fire had been extinguished and the house cleared of smoke. Then the firemen made a tour of the rooms. The two Friedman children, George and Levi, were found lying dead, side by side, in their bed, just as they had fallen asleep the night before. In a bedroom in the Friedman apartment were the bodies of Lena Mitchell, a cousin of Mrs. Friedman, and Anna Applebat, who boarded with the family. Neither of the girls had moved, apparently, and their faces looked peaceful.

On the floor above Jacob Killian was found lying doubled up alongside of his bed.

Aged Mrs. Killian had died just as she slept, and a peaceful smile rested on the furrowed face.

The remains of the dead were removed to the Thirty-seventh street police station.

Searcy Bound Over to the Grand Jury. FREDERICKSBURG, Va., Oct. 31.—Charles J. Searcy, the train robber, was photographed yesterday in the jail. He was then taken in a carriage by Sheriff Kennedy of Stafford county to Falmouth, in the county of Stafford, and brought before Justice Randolph C. Fitzhugh, for a preliminary examination. Searcy waived examination and the case was sent on to the grand jury and Searcy recommended to the jail in Fredericksburg.

Death of Dr. Peterson. ASBURY PARK, N. J., Oct. 31.—Dr. Peterson of Philadelphia, who had been here during the summer, died yesterday from apoplexy. He was 82 years old. Dr. Peterson was at one time associated with the late George W. Childs, under the firm of Peterson & Childs. His only daughter is Mrs. George W. Childs.

TWO DEAD, ONE INJURED.

Sawmill Boiler Suddenly Lets Go at Parkersburg, W. Va.

PARKERSBURG, Oct. 31.—An awful explosion, that carried death and suffering into three homes, occurred at 12 noon, here yesterday. Kreps' sawmill, across the Kanawha from here, blew up, wrecking the mill and instantly killing John A. Kreps, one of the owners, and Samuel Jones, a workman, and fatally injuring James Mount. Kreps' head was torn from his shoulders.

The cause of the explosion is not fully known. Kreps was one of the most popular young men in the city, and his death is universally mourned. The explosion was heard all over the city, and great excitement prevailed.

Ex-Governor Foster Knocked Out.

COLUMBUS, O., Oct. 31.—A decision by the supreme court yesterday in the case of Charles Foster vs. George W. Ernest et al., virtually knocked ex-Governor Foster out of \$13,255. Foster took as security a mortgage on land in Hancock county, which was already mortgaged to its full value. He sought to make his claim a prior one, but the supreme court is against it.

Two Separate Railroad Killings.

DELAWARE, O., Oct. 31.—John Gannon and John O'Donnell were killed by different trains on the Big Four railroad. The first was run over on account of not being seen through the dense fog and the latter was caught by a freight in attempting to evade a passenger train.

Two Little Moons of Mars.

The two moons of Mars, Deimos and Phobos, were observed at the observatory at Flagstaff on Sept. 10. Deimos, the outer one, is the smaller, being, it is estimated, about six miles in diameter, while its companion is slightly larger, some seven miles in diameter, the entire surface of either of them being not more than the area of some great farms in the far west.

The possibility of seeing such small objects so great a distance is a triumph of modern optics, they being observed at a distance of more than 40,000,000 miles. A home comparison would be the seeing of a two inch ball at a distance equal to that between Boston and New York.—Boston Transcript.

Your daily meals

can do you no good when your stomach and digestion are out of order! The food you eat does not make so much difference as *the way it is digested*. When in health you can eat almost anything, but when sick the most delicate dishes cause disgust!

Brown's Iron Bitters

is the best remedy for stomach troubles and indigestion you can take. It has been tried and proven for many years. It will surely cure you. Brown's Iron Bitters does not injure the teeth or cause constipation, as all other iron medicines do. If your stomach troubles you, it's Brown's Iron Bitters you need! Do not try it as an experiment merely, for many, many sufferers have told us of dyspepsia cured—health restored—you need not doubt!

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

DELIGHTED!

We have everything to gain by trading on a narrow margin of profit. We could not fill our shelves with goods at the very lowest prices known in the market if we did not buy on a large scale, and we could not sell on a larger scale unless we gave the public the full benefit of our close buying. We love to make our discounts. Our business will grow steadily, because we give it close attention. We buy cheap; we can sell cheap. Try us, the people's grocers.
